(No subject needed)

How to unsubscribe to a list

1. Compose mail to: Majordomo@lists.oppedahl.com
2. In the body of the email enter: unsubscribe (list name)
Example: unsubscribe e-trademarks-l
3. Send email
(No subject needed)

How to subscribe or unsubscribe with different address than what you are using

1. Compose mail to: Majordomo@lists.oppedahl.com
2. In the body of the email enter: subscribe (list name) email address
Unsubscribe (list name) email address
Example: subscribe e-trademarks-l myemail@oppedahl.com or
Example: unsubscribe e-trademarks-l myemail@oppedahl.com

FYI.....

If you use a "signature block" at the end of your mail, Majordomo may mistakenly believe each line of your message is a command; you will then receive spurious error messages. To keep this from happening, either put a line starting with a hyphen ("-") before your signature, or put a line with just the word

end

on it in the same place. This will stop the Majordomo software from processing your signature as bad commands.
